MaryPat Bamrick Adopt-a-Teacher Program

MaryPat Bamrick served the Long Beach School District as an elementary school teacher for many years. In January 2004 she passed away from complications due to cancer. The Long Beach Junior Chamber of Commerce Charitable Foundation dedicates this project to her.

In recent years federal, state and local budget cuts have impacted educational programs in our community. As a result, many local teachers spend their own money to provide basic supplies for classrooms and students. Each year, the Foundation provides \$200 for school supplies to deserving teachers who apply.

**Join us for a night of
Two for One Burgers,
music, Silent Auction
and celebration!**
